

How can I create additional FTP accounts on Plesk?

- 2020-05-19 - FTP/ File Manager

Plesk allows you to create additional FTP accounts. In order to create an FTP account, follow the steps described below:

1. Log into [myTophost Panel](#) and click on **Plesk Login** in order to connect to the Plesk of the plan that you are interested in.

2. In the **Websites & Domains**, click on **FTP Access**.

3. Click on **Add an Ftp Account**.

FTP Accounts of [redacted]

Here you can create new and manage existing FTP accounts.

4. In the **Add an Additional FTP Account** tab, enter the following:

- The Username of the new FTP account (1).
- The folder the new FTP account will have access to (you can enter or select it through the folder icon) (2).
- The password (which must contain symbols, letters and numbers) (3).
- The password once again, for confirmation (4).
- **OK** (5).
