## How can I create additional FTP accounts on Plesk?

- 2020-05-19 - FTP/ File Manager

Plesk allows you to create additional FTP accounts. In order to create an FTP account, follow the steps described below:

1. Log into <u>myTophost Panel</u> and click on **Plesk Login** in order to connect to the Plesk of the plan that you are interested in.

| Here you can create new and manage existing FTP accounts. |      |  |  |  |  |  |
| Add an FTP Account Remove                                 |      |  |  |  |  |  |
| 2 items total   |      |  |  |  |  |  |
| T Name A  | Home |  |  |  |  |  |
|   | 1    |  |  |  |  |  |
|   | /    |  |  |  |  |  |
| 2 items total   |      |  |  |  |  |  |

4. In the Add an Additional FTP Account tab, enter the following:

- The Username of the new FTP account (1).
- The folder the new FTP account will have access to (you can enter or select it through the folder icon) (2).
- The password (which must contain symbols, letters and numbers) (3).
- The password once again, for confirmation (4).
- **OK** (5).
