# How can I create additional FTP accounts on Plesk?

- 2020-05-19 - FTP/ File Manager

Plesk allows you to create additional FTP accounts. In order to create an FTP account, follow the steps described below:

1. Log into myTophost Panel and click on **Plesk Login** in order to connect to the Plesk of the plan that you are interested in.

2. In the **Websites & Domains**, click on **FTP Access**.

3. Click on **Add an Ftp Account**.

4. In the **Add an Additional FTP Account** tab, enter the following:

   – The Username of the new FTP account (1).

   – The folder the new FTP account will have access to (you can enter or select it through the folder icon) (2).

   – The password (which must contain symbols, letters and numbers) (3).

   – The password once again, for confirmation (4).

   – **OK** (5).
