2. In the **Email** tab, click on **Create Email Address**.

3. On the next tab (Create Email Address), enter the following:

- your email account (e.g. info). If you have more than one active site, select the site that you wish to create an email account for, from the drop down menu (1).
- a password for your email account (it must contain symbols, letters and numbers) (2).

Confirm your password by entering it a second time (3) and then click on **OK** (4).
