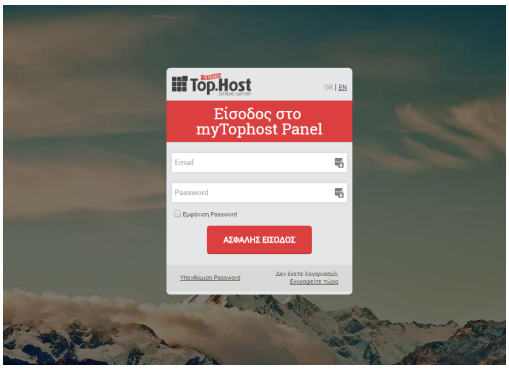
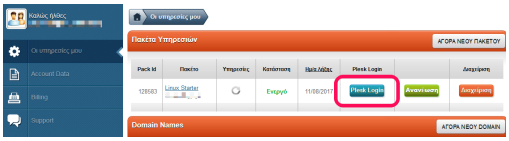
How can I disable the email service from Plesk Onyx?

- 2021-07-23 - Email

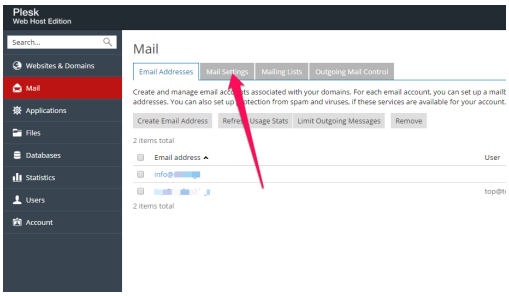
In order to disable your email service in Plesk, take the following steps:

1. Log into myTophost Panel and then select **Plesk Login** in order to connect to the Plesk of the plan that you are interested in.

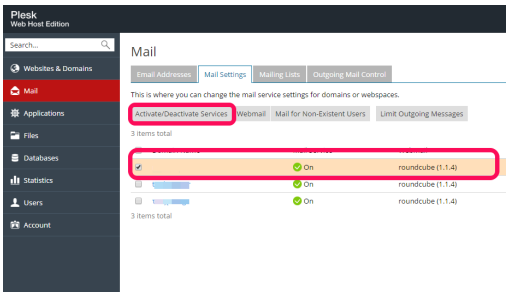




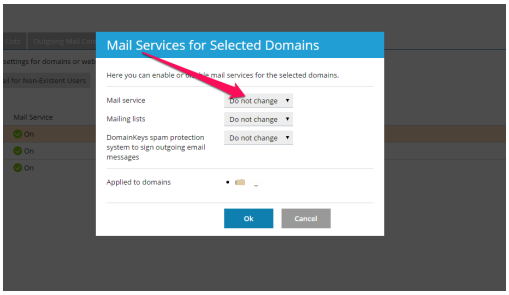
2. In the tab **Mail**, select **Mail Settings**.

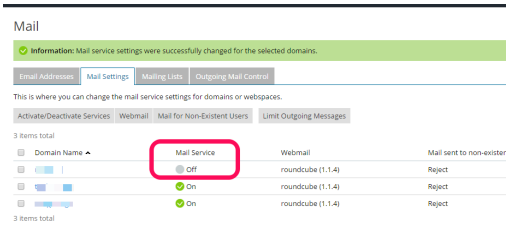


3. Select the domain name that you want and click on **Activate/Deactivate Services**.



4. In the pop-up window, in the section **Mail service**, select **Disable** from the drop-down menu and click on **OK**.





Once you have disabled the Email service, you will see the following:
