## How can I install the SSL on Plesk Onyx once it is sent from the issuing authority?

- 2021-08-31 - SSL / Let's Encrypt

Once you have created the CSR and receive the certificate from the issuing authority, take the following steps to install it to the hosting plan through Plesk Panel.

1. Log into <u>myTophost Panel</u> and click on **Plesk Login** in order to connect to the Plesk of the plan that you are interested in.

## 4. Click on the name of the certificate.

| Websites & Domains   SSL Certificates for   SSL Certificates for   |  |  |  |  |
|--|--|--|--|--|
| If you created a certificate signing request on this server and received the certificate file, upload it here. If you want to upload a certificate and private |  |  |  |  |
| After adding an SSL certificate to a domain, you need to enable SSL support and select that certificate in the website hosting settings: Websites & Don        |  |  |  |  |
| Upload the certificate here  |  |  |  |  |
| Certificate (*.crt) * Browse] No file selected.  |  |  |  |  |
| Upload Certificate   |  |  |  |  |
| Add SSL Certificate Remove   |  |  |  |  |
| 1 items total  |  |  |  |  |
| 🗌 R K C A Name 🔺   |  |  |  |  |
| 📄 🖂 🔑 🖾 teta Intropini kashtadasali is.eu  |  |  |  |  |
| 1 items total  |  |  |  |  |

5. Upload the Private keys, crt key, CA by clicking on **Choose File** on the right-hand side of each key.

Alternatively, you can copy paste the keys that you received in your email.

In the field **Certificate** (\\*.crt), paste the first key that you received (main certificate) and in the field **CA certificate** (\\*-ca.crt), paste the root and Intermediate (double key) one under

the other with no blank line.

| Upload the certificate files  |                            |  |  |  |
|---|----------------------------|--|--|--|
| Use this form to upload the components of a certificate as constituent files. |                            |  |  |  |
| Private key (*.key) *   | Choose File No file chosen |  |  |  |
| Certificate (*.crt) *   | Choose File No file chosen |  |  |  |
| CA certificate (*-ca.crt)   | Choose File No file chosen |  |  |  |

6. In the Websites & Domains tab, click on Hosting Settings.

| Plesk<br>Web Host Edition |   |      |  |  |  |
