## Joomla redirecting from HTTP to HTTPS pages

- 2023-03-01 - Μετά την εγκατάσταση

In case you have installed an SSL certificate on your site and the green lock doesn't appear on the top-left corner of your browser, then you must configure another setting in the Joomla administrative environment. In order to do this, follow the instructions described below:

1. Log into the Joomla administrative environment

🔀 Joomla!°
