

## How can I create a plan for my Reseller account?

- 2020-03-16 - Resellers

In case you want to create a plan and connect it to a customer, follow the instructions described below:

1. Log into [myTophost Panel](#) and click on **Plesk Login** in order to connect to the Plesk of the plan that you are interested in.

2. Click on **Service Plans** and **Add a Plan**.

## Service Plans

This is where you manage your hosting plans. Hosting plan is a set of resources and services provided to your hostings.

[Add a Plan](#) [Clone Plans](#) [Add an Add-on](#) [Remove](#)

2 items total

<input type="checkbox"/>	Plan Name ▲	Traffic
<input type="checkbox"/>	Default Domain	100 G
<input type="checkbox"/>	Presence Builder (add-on)	—

2 items total

3. Enter the name of the plan and fill in the features that you want to give to your plan and click on **OK**.

## Creating Hosting Plan

Service plan name \*

plan1

[Resources](#) [RAM, CPU, Disk I/O](#) [Permissions](#) [Hosting Parameters](#) [PHP Settings](#) [Mail](#) [DNS](#) [Performance](#) [Logs & Statistics](#) [Applications](#)

Define the resources provided with the plan, and policy on the resource usage.

Overuse policy

☐ Overuse is not allowed

Disallow overuse of resources. A subscription is automatically suspended if the resource usage exceeds the limit values.

☒ Overuse of disk space and traffic is allowed

Allow overuse of disk space and traffic. Disallow overuse of other resources.

☐ Notify me by email in cases of overuse.☐ Overuse is allowed (not recommended)

Allow customers to use more resources than initially provided by the plan.

☐ Notify me by email in cases of overuse.

Define the resources provided with the plan.
