Πώς μπορώ να μετονομάσω ένα όνομα χώρου μέσα από το Plesk Onyx;

- 2020-02-05 - Άλλες

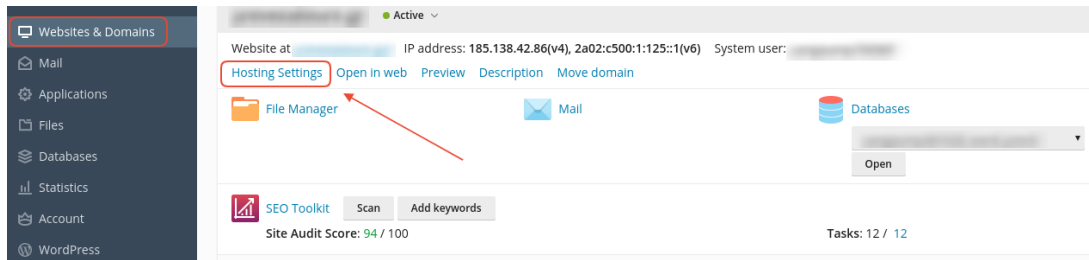

Σε περίπτωση που επιθυμείτε να μετονομάσετε ένα όνομα χώρου μέσα από το Plesk, ακολουθείστε τα παρακάτω βήματα:

1. Συνδεθείτε στο [myTophost Panel](#) και από εκεί επιλέξτε **Plesk Login** για να συνδεθείτε στο Plesk του πακέτου που σας ενδιαφέρει.

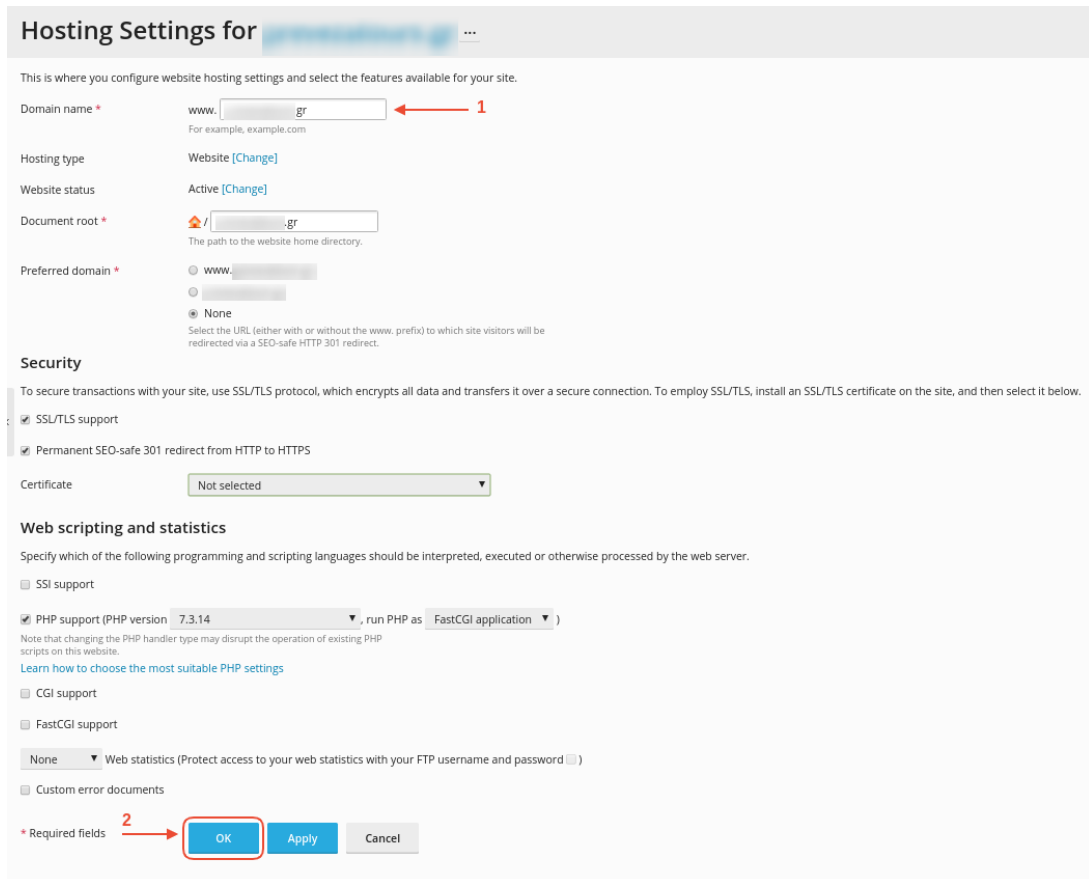

Πακέτα Υπηρεσιών						ΑΓΟΡΑ ΝΕΟΥ ΠΑΚΕΤΟΥ
Pack Id	Πακέτο	Κατάσταση	Ημ/α λήξης	Plesk Login	Διαχείριση Υπηρεσίας	
	Linux Star	Ενεργό	09/09/2020	Plesk Login	Ανανέωση	Διαχείριση Υπηρεσίας

2. Στην καρτέλα **Websites & Domains**, επιλέξτε **Hosting Settings**.

The screenshot shows the cPanel interface. On the left, a sidebar contains a menu with 'Websites & Domains' highlighted. The main content area shows a website card with the following details: 'Website at [redacted]', 'IP address: 185.138.42.86(v4), 2a02:c500:1:125::1(v6)', and 'System user: [redacted]'. Below this, there are links for 'Hosting Settings' (highlighted with a red box and a red arrow), 'Open in web', 'Preview', 'Description', and 'Move domain'. There are also icons for 'File Manager', 'Mail', and 'Databases'. At the bottom, there is an 'SEO Toolkit' section with 'Scan' and 'Add keywords' buttons, and a 'Site Audit Score: 94 / 100'. The 'Tasks: 12 / 12' indicator is visible in the bottom right corner.

3. Στο πεδίο **Domain name**, δηλώστε το νέο όνομα χώρου και πατήστε **OK**.

The screenshot shows the 'Hosting Settings for [redacted]' page. The page title is 'Hosting Settings for [redacted]'. Below the title, there is a sub-header: 'This is where you configure website hosting settings and select the features available for your site.' The main content area is divided into several sections:

- Domain name ***: A text input field containing 'www.[redacted].gr'. A red arrow labeled '1' points to this field. Below the field, it says 'For example, example.com'.
- Hosting type**: A dropdown menu set to 'Website [Change]'.
- Website status**: A dropdown menu set to 'Active [Change]'.
- Document root ***: A text input field containing '[redacted].gr'. Below the field, it says 'The path to the website home directory.'
- Preferred domain ***: Three radio buttons: 'www.[redacted]', '[redacted]', and 'None' (selected).
- Security**: A section with a sub-header 'To secure transactions with your site, use SSL/TLS protocol, which encrypts all data and transfers it over a secure connection. To employ SSL/TLS, install an SSL/TLS certificate on the site, and then select it below.' It includes two checked checkboxes: 'SSL/TLS support' and 'Permanent SEO-safe 301 redirect from HTTP to HTTPS'. A 'Certificate' dropdown menu is set to 'Not selected'.
- Web scripting and statistics**: A section with a sub-header 'Specify which of the following programming and scripting languages should be interpreted, executed or otherwise processed by the web server.' It includes several checkboxes: 'SSI support' (unchecked), 'PHP support (PHP version 7.3.14, run PHP as FastCGI application)' (checked), 'CGI support' (unchecked), 'FastCGI support' (unchecked), 'Web statistics (Protect access to your web statistics with your FTP username and password)' (set to 'None'), and 'Custom error documents' (unchecked).

At the bottom of the page, there is a '* Required fields' label with a red arrow labeled '2' pointing to the 'OK' button. The 'OK', 'Apply', and 'Cancel' buttons are visible.
